

Unicorn Popcorn

Ingredients

Fills about 13 Cellophane Treat Bags, Halfway

- 1 Cup Popcorn Seeds or 8 Heaping Cups Homemade Popcorn (use very little oil and do not include seasonings)
- 16-Ounce Package White Chocolate Candy Coating (or you can use the white disks)
- 12-Ounce bag of Pink Candy Melts Disks
- 12-Ounce bag of Blue Candy Melts Disks
- 3.1-Ounce Bag Lucky Charms (found at Dollar Tree)
- Heart Shaped Marshmallows (Found at Dollar Tree)
- Dot sprinkles
- Line sprinkles
- **Parchment paper is needed so the popcorn mixture doesn't stick to the pans.**

Instructions

1. Pop homemade popcorn according to the package directions. Fresh popcorn tastes best, but if in a time pinch, you can use Skinny Pop as an alternative. Just ensure that the popcorn doesn't have a lot of oil or butter so the chocolate can stick.
2. Spread the popped popcorn out on two, parchment lined, cookie sheet trays.
3. Melt the white chocolate according to the package directions and drizzle it over the popcorn using a spoon.
4. Melt the blue candy disks according to package directions and drizzle them over the popcorn using a spoon.
5. Sprinkle marshmallows, Lucky Charms cereal, and colorful sprinkles on top of the white and blue melted chocolate.
6. Melt the pink candy disks according to package directions and drizzle on top of the unicorn popcorn mixture to create another layer of "glue" to help hold the sprinkles and marshmallows in place.
7. Allow the popcorn mixture to fully dry before breaking it apart and placing it in your containers, bags, or bowl. Bon appétit! ❤️
